# COMPANY INTRO

Arsen is a unique solution provider for technical grinding problems. Each Arsen application expert has years of experience in the field, and additionally is provided with ongoing and intensive refresher courses at the Arsen training centre. By processing grinding materials in inventive ways, and by coming up with clever combinations of various materials, Arsen succeeds, time and again, in creating innovative grinding products. The emphasis lies in saving time for the users and a high level of user comfort. With a driven and passionate team, Arsen is at its clients' disposal to come up with and put into practice the most efficient solution for any grinding problem.

Currently, Arsen is the official distributors of several well-known abrasive brands and products include, ARC Abrasive-Zweb surface conditioning, Karbosan-Coated Abrasive, Corazzi-Non-woven materials and Cibo-Unitized Abrasives.

# Arsen-Polishing Compounds

Arsen produces a wide range of polishing compounds for buffing, polishing and finishing options; covers applications from industrial, automatic and manual. We emphasize in providing products with reliability, performance, and profitability for users. Our polishing compounds offer a wide range of options for all polishing processes with cost effectiveness and high productivity.

Product	Weight	Packaging	Oil	Cutting Power	Brightness	Features and Applications
Black Compound K-19	700g	50pcs   box	■	■		Heavy cutting on all metals, or applied to abrasive belt.
White Compound WA-815	1000g	25pcs   box	■	■		Rough polishing on all metals.
Brown Compound Y-100	1000g	25pcs   box	■	■		Polishing and finishing on soft metals, such as copper, aluminum, and zinc.
Green Compound GW22-A	1000g	25pcs   box		■	■	Polishing and finishing on all metals with little residue.
Green Rouge G-32	400g	50pcs   box			■	Fine and bright finishing on all metals.
Blue Rouge B-808	450g	50pcs   box			■	Mirror finishing on all metals.
LUSROME G-X	500g	50pcs   box			■	Used on stainless steel, chrome, nickel plate. Emphasis on final luster.

# Air Tools

## Arsen Air Tools

Arsen offer a series of air tools for variety of industrial applications from grinding to polish- ing. The current air tools series include: Die grinder, Angel sander, Belt sander, Orbital sander and Wheel sander. We also provide customized tools with client's requirement, please contact us for more detail.

# Abrasives-Zweb

## Surface Conditioning

Z-WEB<sup>®</sup> products are made in the USA and feature a non-woven, three-dimensional design for high performance applications on steel, stainless steel, aluminum, titanium, and exotic alloys. Z-WEB delivers worry-free applications, allowing strict control on critical tolerances and avoiding damage to work pieces. New layers of abrasive grain are continuously exposed during use resulting in a consistent, repeat- able finish.

# Unitized Abrasives

**cibo**  
time saving abrasives

Unitized material makes up a new generation of abrasive materials. They consist of a three-dimensional web of nylon fibers, permeated with abrasive grit in a synthetic resin, ingeniously bonded together. The materials also differ from traditional abrasive materials in combining a surprisingly aggressive action with an excellent finish.

## G line

**Fast, easy and mistake-free grinding in one disc.**

# Non Woven Abrasive Fibre

Corazzi Fibre manufactures an extensive range of non-woven abrasives suitable for the main industrial processes such as deburring, satin-finishing, surface finishing, polishing of workpieces in a wide variety of materials, for example metal, wood or plastic.

Corazzi's non-woven range is compatible with the 3M products as, for example: 6444, 6448, 7440, 7441, 7445, 7446, 7447, 7448, Multiflex; with some of the SIA items as, for example: 4223, 4370, 4396, 4400 - 4484, 4600 - 4640, 4790 and with the line Mirlon by MIRKA. Corazzi products are available in jumbo rolls, scuff rolls and pads.

\*The registered trademarks 3M, Multiflex, SIA, MIRKA and Mirlon are the property of their respective owners. Corazzi Fibre has no connection with the above mentioned brands.
